Marie Curie Learning Zone on the
SECOND and **FOURTH**
THURSDAY EVENING
in every month
at
7.30 pm

Reg Charity No 1002359

SOLIHULL CANCER SUPPORT GROUP

♥ When you come to Solihull Cancer Support Group you are no longer on your own. You immediately have at your side people who care deeply how you are and who are trained to listen to what the situation has been and is for you now.

♥ We offer the assistance of people with skills and experience who can help you to concentrate your resources so that you are able to play an active part in your own healing process.

♥ We aim to compliment the conventional medical services by giving time and resources where at present they are scarce.

♥ We are available to cancer patients, people who have had cancer, relatives and friends of those with cancer and those who have been bereaved through cancer.

♥ We aim to dispel the feelings of paralysing fear and helplessness that just the mention of cancer so often causes, quite unjustifiably, in our society.

WHAT WE DO

♥ We hold regular gatherings at which you will find a warmly welcoming group of people delighted to meet you.

♥ We offer information on subjects such as diet, vitamins, exercise, relaxation, etc.

♥ We offer the services of people with skills in relaxation, self healing, diet and counselling. These services are available both in group and person-to-person situations.

♥ Because of the wide experience of our helpers, you will always find and talk to someone who has been through a similar experience and who will have a clear understanding of the position in which you find yourself.

You do not have to do it on your own.
We will give you the support you need.
